

## White Oil

based on the [PaulaWolfert.com](http://PaulaWolfert.com) recipe

1. gently melt ~30g beeswax
2. while still warm, gradually stir in 100 – 150mls of sunflower or safflower oil to make a whitened mixture, light enough to coat the back of a spoon
3. cool, then store out of sunlight at room temperature.

coat baking pans/tins with the warmed oil, shaking out any excess
